# 1. Team Eligibility

## 1.1. Team Ownership

- 1.1.1. A team participating in Wild Rift: Origin Series is required to nominate a Team Owner. This can be a Player, a Manager or a third party. A team owner's decision is final and overrules any contrary decision made by any other party on a team. The Team Member registering a Team via the Riot Partner Operator Tournament Platform is by default considered the owner of that particular Team unless otherwise requested by that Team Member or any rights holder of the Team's brand. The Team Member has to transfer the team Ownership to an existing member of the team's Roster before leaving the team. Team Members can contact Riot Partner Operator officials should their Owner become inactive to resolve any Ownership-related issues.
- 1.1.2. Team Members may not be employees of Riot Games, ESL, or any of their respective affiliates at the start of or at any point during Wild Rift: Origin Series competitive calendar in 2021. "**Affiliate**" is defined as any person or other entity which owns or controls, is under the ownership or control of, or is under common ownership or control with, an Owner. "**Control**" shall mean the power, through any means, to determine the policies or management of an entity, whether through the power to elect, appoint or approve, directly or indirectly, the directors, officers, managers or trustees of such an entity or otherwise.
- 1.1.3. Officials shall have the right to make final and binding determinations regarding Team ownership, issues relating to the multiple team restriction and other relationships that may otherwise have an adverse impact on the competitive integrity of Wild Rift: Origin Series. Any person that petitions for ownership can be denied admission if they are found to have not acted with the professionalism sought by the Officials. Team Owner agrees that it will not contest any final determination of the Officials in connection therewith.
- 1.1.4. Changes in Ownership may only occur between Seasons, meaning after the most recent Monthly Cup event but before the start of the following Season unless otherwise approved by Riot.
- 1.1.5. No individual or organization may have an ownership interest, operational control and/or voting control, directly or indirectly, of more than one professional team, such as a participating team throughout the WR:OS.

## 1.2. Roster Requirements

- 1.2.1. For a team to be eligible to participate in Wild Rift: Origin Series they are required to maintain the following conditions:

- 1.2.2. **Team Members**

Each team is required to maintain, at all times during a Season in Wild Rift: Origin Series:

- 1.2.2.1. Five starter players ("**Starters**")
- 1.2.2.2. Between zero and three substitute players ("**Subs**")
- 1.2.2.3. One team owner ("**Owner**")
- 1.2.2.4. Between zero and one Coach ("**Coach**")
- 1.2.2.5. Optional:  
Team Manager ("**Manager**")
  
- 1.2.2.6. All Starters and Subs must be eligible to participate in the Wild Rift: Origin Series (Section 1.2.3).
  
- 1.2.2.7. Starters may consist of up to TWO (2) imports.
  
- 1.2.2.8. **Starting Roster.** The Starting Roster is defined as the 5 players that play the majority of games in the most final phase of the Monthly Cup that the team participated in. If there is no clear majority, games in the later stages of the phase are considered more important.
  
- 1.2.2.9. Any player participating in a Monthly Cup that they do not possess long-term residency for (as is defined in 1.2.3) is considered an import.
  
- 1.2.2.10. A Team Member is only allowed to compete for the one Organization they signed up to the Monthly Cup with. A Team Member will not be allowed to compete for more than one Organization simultaneously during each Monthly Cup and cannot be listed on the Team Roster of more than one Team within a Monthly Cup.
  
- 1.2.2.11. A Wild Rift: Origin Series Team must retain a Starting Roster consisting of at least 3 out of 5 players from the Starting Roster that earned points within that Monthly Cup in order to retain any of those Monthly Cup points (see 4.3).

### 1.2.3. **Residency Requirement**

- 1.2.3.1. **Resident Defined.** A player is considered a "Resident" if the player is already a lawful permanent resident in a country/territory within the region (as defined in this rulebook) based upon the legal status in that country/territory.
  
- 1.2.3.2. **Certification of Residency.** All players shall certify their residency upon request by Riot Partner Operator or Officials by providing proof of residency as defined in Rules 1.2.3.2 and 1.2.3.3. For the avoidance of doubt, any player may redact any sensitive information in such player's sole discretion and Officials & Partner Operator shall not be responsible for the disclosure of any personal information by a player to the Officials & Partner Operator. Each player consents to the processing and or transfer of any such information by the Officials & Partner Operator for administrative purposes. Each team is responsible for ensuring that its players meet the residency requirements in this Rule 1.2.

It shall be a violation of these Rules, by both the team and the player, if a player (or his or her parent or guardian) provides false, misleading or incomplete information resulting in the misclassification of such player's residency and region.

1.2.3.3. **Proof of Residency.** Any player that wishes to compete in the Wild Rift: Origin Series as a resident must prove lawful permanent residency within a country/territory in the region upon request by Riot Partner Operator or Officials. Acceptable documentary evidence includes items such as a passport or proof of age card. This list is not exhaustive.

1.2.4. **Coach.** Each team will be permitted to designate a coach, who will be considered the official coach for the team. The coach cannot be a Starter for the team, and may be affiliated with only one organisation.

### 1.3. **Substitutions within the active roster.**

1.3.1. Requests to modify a starting lineup for the team's match must be submitted no later than 24 hours prior to the start of the matches on the respective day. All changes made after this 24-hour mark will incur in-game penalties or be declined at the sole discretion of Riot Partner Operator officials.

1.3.2. **Substitution During Matches.** A team may substitute a player within a match/series. The team must notify a Riot Partner Operator official and have the substitution approved immediately following the previous game, no later than 5 minutes after the explosion of the nexus (e.g. if a team wishes to substitute a player in for game 2, then the team must notify a Riot Partner Operator official no later than 5 minutes following game 1).

### 1.4. **Roster Changes**

1.4.1. A team roster change means adding, replacing or removing players from a roster. Roster changes must be approved by Riot Partner Operator officials. Team rosters are locked 24 hours prior to the first game of the Monthly Qualifiers that roster is scheduled to play. All team changes made after the roster has officially locked will incur in-game penalties or be denied at the sole discretion of Riot Partner Operator officials.

1.4.2. If a team wishes to release a player from their current roster (either Starter or Sub), the team is required to communicate this to Riot Partner Operator officials and complete all necessary requirements set forth by Riot Partner Operator officials.

1.4.3. If a team wishes to sign a free agent player to their roster (either Starter or Sub), the team is required to complete all necessary documentation. No free agent signings shall be recognized or be eligible for competitive play until approval has been given by Riot Partner Operator officials.

### 4.1. Definition of Terms

- 4.1.1. **Game.** An instance of competition on the Wild Rift map that is played until a winner is determined by one of the following methods, whichever occurs first: (a) completion of the final objective (destruction of a nexus), (b) Team Forfeit, or (c) Awarded Game Victory (See Section 7.5).
- 4.1.2. **Match/Series.** A set of games that is played until one team wins a majority of the total games (e.g., "Best of 1", winning two games out of three ("best of three"); winning three games out of five ("best of five")). The winning team will either receive a win tally in a league format or advance to the next round in a tournament format.
- 4.1.3. **Monthly Cup.** The WR:OS system will include Open Qualifiers and Monthly Cup Finals (see 4.2). These will occur across a calendar month unless otherwise specified by Riot and Riot Partner Operator officials. Performance within the Monthly Cups will determine Prize money and Point distribution (see 3 and 4.3). There will be three monthly cups in 2021 - June, July, and August.
- 4.1.4. **Groups.** Each Monthly Cup is split into three groups (Group A, Group B, Group C). The groups will be formed by Riot Officials, based on factors including geography and latency. Teams will be automatically assigned to their group by Riot Officials, and teams will remain in the same group for the duration of WR:OS. Teams will play against other teams within their group during the Monthly Qualifiers and Monthly Finals. Points and prize money will be awarded per group (please see sections 3 and 4.3).

### 4.2. Phase Details

- 4.2.1. **Open Qualifiers.** After group formation, this phase consists of all participating teams, playing in a Double-Elimination bracket, consisting entirely of Best-of-3 game matches. Where possible, Teams will be spread across multiple brackets. The top 16 (Group A and B) or 8 (Group C) placing teams will progress to that group's Monthly Cup Finals. By being a member of a registered team, players consent to email communication from the Riot Partner Operator about future qualifiers.
- 4.2.2. **Monthly Cup Finals.** This phase consists of 16 (Group A and B) or 8 (Group C) teams, each playing Best-of-3 game matches in a Double-Elimination, with Best-of-5 Grand Final.

### 4.3. Points

- 4.3.1. **Usage.** Points will ultimately be used to determine which teams will qualify for offline finals, and will also be used for seeding (see 4.4). Teams acquire points within their group, with the teams with the most points from

each group qualifying for the offline finals.

**4.3.2. Distribution.**

Points by Monthly Cup Finals placement for the Month 1 Cup, per group, are as follows:

<b>PLACEMENT</b>	<b>POINTS</b>
1	360

#### 4.4. Seeding

**4.4.1. Open Qualifiers.** In Month 1, teams will be seeded both into and within brackets randomly. From Month 2 onwards, teams will be seeded both into and within brackets with seeding based on total number of points earned in previous months. Where teams are tied in points, they will be allocated appropriate seeds at random, ensuring that teams are not drawn into the same bracket as opponents they placed below in a previous Open Qualifier, where possible.

**4.4.2. Monthly Cup Finals.** In Month 1, teams will be seeded into brackets based on their performance in the immediately preceding Open Qualifiers, ensuring that a high seed faces a low seed. High seeds are granted to the top 50% of qualifying teams from a group's Open Qualifier, and low seeds are granted to the remaining qualifying teams from a group's Open Qualifier. From Month 2 onwards, teams will be seeded into brackets based on their performance in the immediately preceding Open Qualifiers, again ensuring that a high seed faces a low seed, and then based on total number of points earned in previous months (i.e. the high seed with the most points faces the low seed with the least points). Where teams are tied in points, they will be allocated appropriate seeds at random, ensuring that teams are not drawn against opponents they were drawn against in a previous Monthly Cup Final, where possible.

## 5. Player Equipment

### 5.1. Online Matches

5.1.1. For all online (non-live) matches, players will be expected to provide all of their own equipment. This includes, but is not limited to, mobile phones, headphones, earphones, webcam, and voice programs. As the matches will not be played on an offline server, players will also need to account

for their own network protection (including but not limited to DDOS prevention).

- 5.1.2. Additionally, the stability of each player's hardware and internet connection is the responsibility of the player.
- 5.1.3. **Use of Communication Program.** Players are required to use the provided Discord, Teamspeak or other provided communications service for their team communication during online games of the Monthly Cup Finals. Players that do not join the channel by the designated time will be subject to penalties as though the player is not in the lobby.
- 5.1.4. **Permitted Users.** Only the five players who are playing the game and the team's official coach are permitted in the channel (coaches are required to leave 10 seconds before the end of champion select). Each team may be joined by designated Riot Partner Operator officials and Broadcast Crew.
- 5.1.5. **Communication Server Issues.** In the event of issues with the communication server and the issues cannot be resolved, all players will be asked to move to the backup server.
- 5.1.6. **Player Connectivity Issues.** Players are responsible for their own connection to the communication server. Should they be unable to connect, or their connection be severed, the players or teammate must inform Riot Partner Operator at first sign of problem.
- 5.1.7. **Channel Usage.** Teams are only allowed to use their team's designated channel. If a player joins a channel of the team they are not a part of, they will be subject to penalties as though they are attempting to cheat, despite the player's intention.
- 5.1.8. **Server Access.** Players cannot share the server information without prior approval from Riot Partner Operator.
- 5.1.9. **Proof of physical play.** Teams are responsible for providing Riot Partner Operator officials with physical proof of play. Webcam feeds, physical Identification, and game account identifications are required to prove that only registered players are participating in the match environment at all times. Failure to adhere to rule 5.1.9 will result in immediate penalties.
- 5.1.10. **Accessory Usage.** Players are not allowed to use any physical accessory during a match. Prohibited accessories include but are not limited to 'triggers', 'joystick' and special trigger buttons built into the mobile device.

## 6. Match Process

### 6.1. Changes to Schedule.

Riot Officials or Riot Partner Operator may, at its sole discretion, re-order the schedule of matches within a given day and/or change the date of an official match to a different date or otherwise modify the schedule of matches. In the event that Riot Partner Operator modifies a match schedule, Riot Partner Operator will notify all teams at the earliest convenience.

## **6.2. Arrival in Game Lobby for Non-Live Matches.**

Members of a team's Active Roster who are participating in an official match must arrive in the lobby no later than the time specified by Riot Partner Operator officials.

## **6.3. Role of Referees**

6.3.1. **Responsibilities.** Referees are Riot Partner Operator officials who are responsible for making judgments on every match-related issue, question and situation which occurs before, during, and immediately following match play. Their oversight may include, but is not limited to:

6.3.1.1. Checking the team's lineup before a match.

6.3.1.2. Announcing the beginning of the match.

6.3.1.3. Issuing penalties in response to Rule violations before, during, or after the match.

6.3.1.4. Confirming the end of the match and its results.

6.3.2. **Referee Behaviour.** At all times, referees shall conduct themselves in a professional manner, and shall issue rulings in an impartial manner. No passion or prejudice will be shown towards any player, team, team manager, owner, or other individuals.

6.3.3. **Finality of Judgment.** If a referee makes an incorrect judgment, the judgment can be subject to reversal. At their discretion, Riot Partner Operator officials may evaluate the decision during or after the match to determine if the proper procedure was implemented to allow for a fair decision. If the proper procedure was not followed, Riot Partner Operator & Officials reserve the right to potentially invalidate the referee's decision. Riot Partner Operator & Officials will always maintain final determination in all decisions set forth throughout a competition.

6.3.4. **Gambling Prohibition.** All rules prohibiting gambling on League of Legends: Wild Rift, as found below in Section 8, shall apply to referees without limitation.

## **6.4. Competitive Patch**

6.4.1. **Patch Version.** All Wild Rift: Origin Series matches will be played on the latest patch available on the live service.

6.4.2. **Champion Availability.** Champions that have not been available on the live service for more than one week will be unavailable for selection in

play. New Champions & reworked Champions availability is subject to Riot Officials discretion.

## 6.5. Player Responsibilities for Online Matches.

All players will be expected to be ready to join the game lobby at the time specified by Riot Partner Operator officials. Readiness includes, but is not limited to, five rostered players having completed version patching, configuration of in-game settings, and completed rune and mastery pages.

- 6.5.1. **Rolling Schedule.** Matches held on a rolling schedule will have estimated start times. However, teams are required to be available to play their match up to two hours in advance of their estimated time, or as otherwise directed by Riot Partner Operator officials.
- 6.5.2. **Schedule Adjustments.** Riot Partner Operator officials, in their sole discretion, have the right to adjust the match schedule at any time to preserve the pacing of matches or to remedy such circumstances as may detract from the viewer experience.
- 6.5.3. **Lateness Penalties.** Teams that are not ready at the start of the preceding game (or 30 minutes before the start of the first match of the day) are subject to late penalties. For the avoidance of doubt, the start of the game is defined as a team entering Champion Select. If a team is late they are subject to the lateness penalties as outlined below:
  - 6.5.3.1. Late to scheduled match time: 1 ban loss
  - 6.5.3.2. Ten (10) minutes late to scheduled match time (this can stack):  
Game Forfeit
- 6.5.4. Intentionally delaying the lobby or game start will still subject the team to the rules set forth in this section. Lateness penalties that cannot be applied to the current game will be recorded and applied to future games. Riot Officials may apply additional financial penalties at their discretion.
- 6.5.5. **4v5 Play.** Teams are required to field a full team of five players to start a match. If a player unintentionally disconnects during the match, that player must attempt to rejoin the game. The game result will be final.
- 6.5.6. **Player Equipment Responsibility.** All players are responsible for ensuring the performance of their chosen setup, including mobile phones and peripherals, internet connection, and power. A problem with player equipment is not an acceptable reason for lateness or pausing beyond a team's allowance, regardless of the root cause of the problem.
- 6.5.7. **Spectators.** Only the team's five rostered players are allowed in the game lobby. No additional spectators are permitted for any reason.
- 6.5.8. **Streaming.** Players are not permitted to stream official matches publicly or privately on any platform or service. Non-players can broadcast Wild Rift: Origin Series matches by spectating through the friends list only (i.e.

- 6.5.8.5. The streamer must cease broadcasting immediately upon request to do so by Riot Games or the Riot Partner Operator
- 6.5.9. **Pro View.** Players may be required to engage in streaming official matches at the discretion of League officials. These streams will be tested and subject to specific limitations set forth by Riot Partner Operator officials.
- 6.5.10. **Game Lobby.** It is the responsibility of Team A (i.e. the first Team named per each game) to set up the official game lobby, using the instructions provided by the Riot Partner Operator. Riot Partner Operator officials may create the official game lobby for the Monthly Finals section of each Monthly Cup. In those cases, Players will be directed by Riot Partner Operator officials to join the game lobby as soon as setup has been completed, in the following order of positions: Baron Lane, Jungle, Mid, Dragon Lane, Support.

## 6.6. Game Setup

- 6.6.1. **Start of Pick / Ban Process.** Once all ten players have reported to the official game lobby, both teams will confirm on the communication tool hosted by Riot Partner Operator that they are ready for the pick/ban phase. Once both teams confirm readiness, the room owner should start the game.
- 6.6.2. **Recording of Pick / Ban Process.** Picks/bans will proceed through the client's Draft Pick feature. If picks/bans are completed substantially in advance of game setup, at the instruction and discretion of Riot Partner Operator officials, the Riot Partner Operator officials will record the official picks/bans and manually abort the game start.
- 6.6.3. **General / Game Settings**

Starters for each team cannot be substituted after the start of the draft. Players may play any Champion which their team has drafted that has not been banned by the other team.
- 6.7.2. **Restrictions on Gameplay Elements.** Restrictions may be added at any time before or during a match, if there are known bugs with any items, Champions, skins, runes, masteries, or Summoner spells, or for any other reason as determined at the discretion of the Riot Partner Operator.
- 6.7.3. **Side Selection**
- 6.7.3.1. **In scenarios where seeding is involved**
- Best-of-1 Games  
Side selection is determined by the higher seed in the matchup. The higher seeded team will pick either blue or red side
- Best-of-2 Games  
Side selection is determined by the higher seed in the matchup. The higher seeded team will pick either blue or red side  
Teams will swap side for Game 2
- Best-of-3 Games and above  
Side selection is determined by the higher seed in the matchup. The higher seeded team will pick either blue or red side. For the avoidance of doubt, in the Lower Bracket Finals and Grand Finals of the Monthly Cups, the higher seed is the team who came directly from the Upper Bracket. For all other matches, the higher seed is the team with the higher numerical seed, 1st being considered higher than 2nd.  
Game 2 and subsequent games - The team that lost the previous game will pick either the blue or red side for the next game.
- 6.7.4. **Draft Mode.** Draft mode proceeds in a snake draft format as follows:  
Blue Team = A; Red Team = B  
**BAN Phase:** ABABAB  
\*As the game currently does not support Champion banning feature, this phase must be done 5 minutes prior to the scheduled start of the match via a communication tool hosted by Riot Partner Operator. Teams are provided with 30 seconds to decide on each ban. If no ban is placed within 30 seconds, this banning opportunity is then forfeited. Once bans are completed, the Teams may begin the pick phase immediately.  
**Pick Phase:** ABBAABBAAB
- 6.7.5. **Selection Error.** In the event of an erroneously-selected Champion pick or ban, the team in error must notify a Riot Partner Operator official before the other team has locked in their next selection. If so, the process will be restarted and brought back to the point at which the error occurred so that the team in error may correct its mistake. If the next selection is locked before the team in error gives notice to a Riot Partner Operator official, the erroneous selection shall be deemed irrevocable.

- 6.7.6. **Trading Champions.** Teams must complete all Champion trades before the 20-second mark during the Trading Phase, or will be subject to a penalty in future games. Summoner spells also cannot be changed after the 20-second mark.
- 6.7.7. **Game Start After Pick/Ban.** A game will start immediately after the pick/ban process is complete, unless otherwise stated by a Riot Official or Riot Partner Official. If played in a live studio, at this point Riot Partner Officials will remove any printed materials from the Match Area, including any notes written by Team Members. Players are not allowed to quit a game during the time between the completion of picks/bans and game launch, also known as “Free Time.”
- 6.7.8. **Controlled Game Start.** In the event of an error in-game start or a decision by Riot Partner Operator to separate the pick/ban process from game start, a Riot Partner Operator official may start the game in a controlled manner using Blind Pick. All players will select Champions in accordance with the previous valid completed pick/ban process. Game settings as described in section 6.7, excepting Game Type as Blind Pick.
- 6.7.9. **Slow Client Load.** If any failure occurs which interrupts the loading process and prevents a player from joining a game upon game start, the players from both teams must wait until all ten players are connected to the game before leaving the fountain according to Riot Partner Officials instructions.

## 7. Game Rules

### 7.1. Definition of Terms

- 7.1.1. **Unintentional Disconnection.** A player losing connection to the game due to problems or issues with the game client, platform, network, or mobile phone.
- 7.1.2. **Intentional Disconnection.** A player losing connection to the game due to player’s actions (i.e. quitting the game). Any actions of a player which lead to a disconnection shall be deemed intentional, regardless of the actual intent of the player.
- 7.1.3. **Server Crash.** All players losing connection to a game due to an issue with a game server, or venue internet instability.

### 7.2. Game of Record.

A game of record (“GOR”) refers to a game where all ten players have loaded and which has progressed to a point of meaningful interaction between opposing teams. Once a game attains GOR status, the period ends in which incidental restarts may be permitted and a game will be considered as “official” from that point onward. After the establishment of GOR, game restarts will be allowed only under limited conditions (see Section 7.3). Examples of conditions which establish GOR:

- 7.2.1. Any attack or ability is landed on minions, jungle creeps, structures, or enemy Champions.

- 7.2.2. Line-of-sight is established between players on opposing teams.
- 7.2.3. Setting foot, establishing vision or targeting skillshot ability in the opponent's jungle by either team, which includes either leaving the river or entering brush connected to enemy jungle.
- 7.2.4. Game timer reaches 1 minute 30 seconds (00:01:30).

### 7.3. Game Restart.

The decision of which condition(s) shall justify a game restart is solely at the discretion of Riot Partner Operator officials. Examples are listed below for purposes of illustration only:

- 7.3.1. **Restarts Before GOR.** The following are examples of situations in which a game may be restarted if GOR has not been established.
  - 7.3.1.1. If a player notices that the player's rune or mastery have not applied correctly between the game lobby and match, the game may be restarted.
  - 7.3.1.2. If a Riot Partner Operator official determines that technical difficulties will not allow for the game to resume as normal (including a team's ability to be in proper position for certain game events, such as minion spawn).
- 7.3.2. **Restarts After GOR.** The following are examples of situations in which a game may be restarted after GOR has been established.
  - 7.3.2.1. If a game experiences a critical bug at any point during the match which significantly alters game stats or gameplay mechanics.
  - 7.3.2.2. If a Riot official determines that there are environmental conditions which are unfair (e.g. excessive noise, hostile weather, unacceptable safety risks).
- 7.3.3. **Restart Protocol.** If a game experiences a critical bug at any point during the match that significantly alters game stats or gameplay mechanics, or the external environmental conditions at a live event become untenable then a restart may occur.
  - 7.3.3.1. Certain circumstances must be met before a restart may occur. Riot officials must determine that the bug is critical and verifiable. For the bug to be considered critical, the bug must significantly damage a player's ability to compete in the game situation. The determination of whether the bug has damaged a player's ability to compete is up to the sole discretion of the Riot officials. In order for a bug to be considered verifiable, the bug must be conclusively present and not possibly attributable to player error. The spectator must then be able to replay the instance in question and verify the bug.

7.3.3.2. If a player believes they have experienced a critical bug, they must alert a referee in a timely fashion. If it is believed that a player is attempting to delay reporting of a bug to wait for a possible restart at a more advantageous time, then a restart will no longer be granted.

7.3.3.3. If Riot Partner Operator officials determine that the bug is critical and verifiable and that the player followed the pause protocol, then the disadvantaged team will be presented with the option for a restart. If the team accepts, the game will immediately be restarted as per the rules established in Section 7.4. An exception to Rule 7.4 is if the restart occurred due to a champion bug, then settings no longer will be retained (including picks and bans) regardless of Game of Record status and the champion will be made ineligible for at least the remainder of the day's matches unless the bug can be conclusively tied to a specific game element that can be fully removed (i.e. a skin that can be disabled) or prohibited (i.e. the purchase of items).

7.3.4. **Controlled Environment.** Certain conditions may be preserved in the event of a restart of a game that has not reached GOR, including, without limitation, picks/bans or Summoner spells. If, however, a match has reached GOR, Riot officials shall not retain any settings.

7.3.5. **Player Confirmation of Settings.** Each team captain shall verify that every player on his/her team has finalized their intended game settings (including runes, masteries, controls, and GUI settings) before GOR is established. Any error in verification is not grounds for a game restart after GOR is established.

#### 7.4. Awarded Game Victory.

In the event of a technical difficulty which leads Riot Partner Operator officials to declare a restart, Riot Partner Operator officials may instead award a game victory to a team. If a game has been played for more than 15 minutes on the game clock (00:15:00), Riot officials, in their sole discretion, may determine that a team cannot avoid defeat to a degree of reasonable certainty. The following criteria may be used in the determination of reasonable certainty, however meeting the criteria does not necessarily mean the game will be an awarded victory, the final decision lies on Riot officials.

7.4.1. **Gold Differential.** The difference in gold between the teams is more than 33%.

7.4.2. **Remaining Turret Differential.** The difference in the number of remaining turrets between the teams is more than seven.

#### 7.5. Post-Game Process

7.5.1. **Results.** Players will report the result on the Riot Partner Operator platform regardless of the outcome of their match, including a screenshot.

7.5.2. **Tech Notes.** Players will identify any tech issues with Riot Partner Operator officials.

- 7.5.3. **Break Time.** Unless Riot Partner Operator officials inform players differently, there will be a five minute break between the end of one game and the beginning of the next game's pick/ban phase. Pick/ban phase will commence as scheduled, regardless of whether a team is fully present in the match area at that time. Riot Partner Operator officials may, at their discretion, log in to a player's account and join the game lobby.

## 7.6. Post-Match Process

- 7.6.1. **Results.** Riot Partner Operator officials will confirm and record the match result.
- 7.6.2. **Next Match.** Players will be informed of their current standing in the competition, including their next scheduled match.
- 7.6.3. **Post-Match Obligations.** Players will be informed of any post-match obligations, including, but not limited to, media appearances, interviews, or further discussion of any match matters.
- 7.6.4. **Results of Forfeiture.** Matches won by forfeit will be reported by the minimum score it would take for one team to win the match (e.g. 1-0 for best-of-one matches, 2-0 for best-of-three matches, 3-0 for best-of-five matches). No other statistics will be recorded for forfeited matches.

## 8. Player Conduct

### 8.1. Competition Conduct

- 8.1.1. **Unfair Play.** The following actions will be considered unfair play and will be subject to penalties at the discretion of Riot Partner Operator officials.
- 8.1.1.1. **Collusion.** Collusion is defined as any agreement among two (2) or more players and/or confederates to disadvantage opposing players. Collusion includes, but is not limited to, acts such as:

- 8.1.1.2. **Competitive Integrity.** Teams are expected to play at their best at all times within any Wild Rift: Origin Series game, and to avoid any Behaviour inconsistent with the principles of good sportsmanship, honesty, or fair play. For the purpose of

clarification, team composition and the pick/ban phase will not be considered when determining whether this rule has been violated.

- 8.1.1.3. **Hacking.** Hacking is defined as any modification of the League of Legends: Wild Rift game client by any player, team or person acting on behalf of a player or a team.
  - 8.1.1.4. **Exploiting.** Exploiting is defined as intentionally using any in-game bug to seek an advantage. Exploiting includes, but is not limited to, acts such as: glitches in buying items, glitches in neutral minion interactions, glitches in Champion ability performance, or any other game function that, in the sole determination of Riot Partner Operator officials, is not functioning as intended. Team members may confidentially check with Riot Partner Operator officials at the beginning of a Monthly Cup to determine if a specific act would be considered Exploiting. Riot reserves the right to make an ex-post-facto determination of whether an exploit has occurred.
  - 8.1.1.5. **VPN.** The use of a VPN or similar IP masking programme to play in WR:OS.

  - 8.1.1.12. **Sponsorship.** Any use of sponsorship that is affiliated with any competing team in the Riot Partner Operator must adhere to all rules, even if not formally contracted to this ruleset.
- 8.1.2. **Profanity and Hate Speech.** A Team Member may not use language that is obscene, foul, vulgar, insulting, threatening, abusive, libelous, slanderous, defamatory or otherwise offensive or objectionable; or promote or incite hatred or discriminatory conduct, in or near the match area, at any time. A Team Member may not use any facilities, services or

equipment provided or made available by Riot Partner Operator or its contractors to post, transmit, disseminate or otherwise make available any such prohibited communications. A Team Member may not use this type of language on social media or during any public facing events such as streaming.

- 8.1.3. **Disruptive Behaviour / Insults.** A Team Member may not take any action or perform any gesture directed at an opposing Team Member, or incite any other individual(s) to do the same, which is insulting, mocking, disruptive or antagonistic.
- 8.1.4. **Abusive Behaviour.** Abuse of Riot Partner Operator officials, opposing Team Members, or audience members will not be tolerated. Repeated etiquette violations, including but not limited to touching another player's computer, body or property will result in penalties. Team Members and their guests (if any) must treat all individuals attending a match with respect.
- 8.1.5. **Studio Interference.** No Team Member may touch or otherwise interfere with lights, cameras, or other studio equipment. Team Members may not stand on chairs, tables, or other studio equipment. Team Members must follow all instructions of Riot Partner Operator studio personnel.
- 8.1.6. **Unauthorised Communications.** All non-competition mobile phones, tablets, and other voice-enabled and/or "ringing" electronic devices must be fully powered off during play. Players may not text/email while in the match area. During the match, communication by a Starter shall be limited to the players on the Starter's team.

## **8.2. Unprofessional Behaviour**

- 8.2.1. **Responsibility Under Code.** Unless expressly stated otherwise, offenses and infringements of these Rules are punishable, whether or not they were committed intentionally. Attempts to commit such offenses or infringements are also punishable.
- 8.2.2. **Harassment.** Harassment is forbidden. Harassment is defined as systematic, hostile, and repeated acts taking place over a considerable period of time, or a singular egregious instance, which is/are intended to isolate or ostracize a person and/or affect the dignity of the person.
- 8.2.3. **Sexual Harassment.** Sexual harassment is forbidden. Sexual harassment is defined as unwelcome sexual advances. The assessment is based on whether a reasonable person would regard the conduct as undesirable or offensive. There is zero tolerance for any sexual threats/coercion or the promise of advantages in exchange for sexual favors.
- 8.2.4. **Discrimination and Denigration.** Team Members may not offend the dignity or integrity of a country, private person, or group of people through contemptuous, discriminatory, or denigrating words or actions on account of race, skin colour, ethnic, national or social origin, gender, language,

- 8.2.6. **Releasing Information Without Approval.** Teams will be asked to submit paperwork for approval or visibility throughout the Wild Rift: Origin Series competition period. This paperwork is necessary for maintaining expectations throughout the competition. Early announcements can disrupt the competitive scouting a team would use to create strategies for upcoming matches. For this reason, if a Team Member has been told not to release information, as it may undermine the competitive process, and the Team Member proceeds to release said information, then the Team Member and/or Team will be subject to penalties.
- 8.2.7. **Player Behaviour Investigation.** If Riot Partner Operator or Riot determines that a Team or Team Member has violated the Summoner's Code, the League of Legends: Wild Rift Terms of Service, or other rules of League of Legends: Wild Rift, Riot Partner Operator or Riot officials may assign penalties at their sole discretion. - 8.2.8. **Criminal Activity.** A Team Member may not engage in any activity which is prohibited by common law, statute, or treaty and which leads to or may be reasonably deemed likely to lead to conviction in any court of competent jurisdiction.
- 8.2.9. **Confidentiality.** A Team Member may not disclose any confidential information provided by Riot Partner Operator or any affiliate of Riot Games, by any method of communication, including all social media channels.

- 8.2.11. **No Poaching or Tampering.** No Team Member or Affiliate of a team may solicit, lure, or make an offer of employment to any official coach or player who is signed to any team, nor encourage any such official coach or player to breach or otherwise terminate a contract with said team. An official coach or player may not solicit a team to violate this rule. An

official coach or player may express publicly their desire to leave the team and encourage any and all interested parties to contact their management. But, to be clear, the official coach or player may not entice a team directly to reach out to their management or attempt to violate their contractual obligations. Violations of this rule shall be subject to penalties, at the discretion of Riot Partner Operator & Riot officials. To inquire about the status of an official coach or player from another team, managers must contact the management of the team that the player and/or official coach is currently contracted with.

- 8.2.12. **Gifts.** No Team Member may accept any gift, reward or compensation for services promised, rendered, or to be rendered in connection with competitive play of the game, including services related to defeating or attempting to defeat a competing team or services designed to throw or fix a match or game. The sole exception to this rule shall be in the case of performance-based compensation paid to a Team Member by a team's official sponsor or owner.

- 8.2.14. **Match-Fixing.** No Team Member may offer, agree, conspire, or attempt to influence the outcome of a game or match by any means that are prohibited by law or these Rules.
- 8.2.15. **Document or Miscellaneous Requests.** Documentation or other reasonable items may be required at various times throughout Wild Rift: Origin Series competition as requested by Riot Partner Operator officials. ### **8.4. Subjection to Penalty.**

Any person found to have engaged in or attempted to engage in any act that Riot & Riot Partner Operator believes, in its sole and absolute discretion, constitutes unfair play, will be subject to penalty. The nature and extent of the penalties imposed due to such acts shall be in the sole and absolute discretion of the Riot.

### **8.5. Penalties.**

Upon discovery of any Team Member committing any violations of the rules listed above, Riot & Riot Partner Operator may, without limitation of its authority under Section 8.4, issue the following penalties:

- 8.5.1. Verbal Warning(s)

- 8.5.2. Loss of Side Selection for Current or Future Game(s)

- 8.5.7. Suspension(s)
- 8.5.8. Disqualification(s)

Repeated infractions are subject to escalating penalties, up to, and including, disqualification from future participation in Wild Rift: Origin Series and subsequent tournaments. It should be noted that penalties may not always be imposed in a successive manner. The Riot Partner Operator, in its sole discretion, for example, can disqualify a player for a first offense if the action of said player is deemed egregious enough to be worthy of disqualification by Riot Partner Operator & Riot.

#### **8.6. Right to Publish.**

Riot shall have the right to publish a declaration stating that a Team Member has been penalized. Any Team Members and/or team which may be referenced in such declaration hereby waive any right of legal action against the Riot Games, Inc., and/or any of their parents, subsidiaries, affiliates, employees, agents, or contractors.

### **9. Spirit of the Rules**

#### **9.1. Finality of Decisions.**

All decisions regarding the interpretation of these rules, player eligibility, scheduling and staging of the Wild Rift: Origin Series competitions, and penalties for misconduct, lie solely with Officials, the decisions of which are final. Officials decisions with respect to these Rules cannot be appealed and shall not give rise to any claim for monetary damages or any other legal or equitable remedy.

#### **9.2. Rule Changes.**

These Rules may be amended, modified or supplemented by Riot, from time to time, in order to ensure fair play and the integrity of the Wild Rift: Origin Series competitions.

#### **9.3. Best Interests of the Wild Rift: Origin Series.**

Riot officials at all times may act with the necessary authority to preserve the best interests of the Wild Rift: Origin Series. This power is not constrained by the lack of any specific language in this document. Riot officials may use any form of punitive actions at their disposal against any entity whose conduct is not within the confines of the best interests of the Wild Rift: Origin Series.
