### **2.10.2 Duration**

Any legal entity is only allowed to hold one license in the same competition. No other legal entity controlled by the same person/people is allowed to hold another license. If there is no such entity existent for the team in question or the existing entity has never been reported to and accepted by the administration, a restricted license may be awarded to the actual team, where the team leader or organizer will be designated contact person for this team. This person will be responsible for keeping the team in order, and holding the MYSG Championship team account on ESL website, but in a such case the right to the license can only be sustained if the majority of the players that actively played in the last stage(s) of the MYSG Championship or its qualifiers stay together as a team. After the change of the license holder, the majority lineup restriction will apply for the team in question for a time span indicated by the league direction (no shorter than one MYSG Championship event and no longer than ½ season) from the moment a new legal entity takes over the license from the old one. This restriction is meant as a protection of the players joining a new clan and to prevent clans getting a license for their own, not qualified team.
